Staff iPad/Mobile Device Policy, Procedures and Information

2024 - 2025

The focus of the iPad Program at Lindale ISD is to provide tools and resources to the 21st Century Educator. Excellence in education requires technology to be seamlessly integrated throughout the educational program. The use of mobile devices provides a simple and portable way to manage information and allows teachers constant access to educational opportunities.

Learning results from the continuous dynamic interaction among students, educators, parents, and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with mobile devices integrate technology into the curriculum anytime, anyplace.

The policies, procedures, and information within this document apply to **all mobile devices** used at Lindale ISD, including any other device considered by the Administration to come under this policy.

1. RECEIVING YOUR iPad & iPad CHECK-IN

1.1 Receiving Your iPad

iPads will be distributed to staff after confirmation of employment provided by the Administration Office. Staff will be notified by the Administration Office when the iPad is available for pick up.

1.2 iPad Check-in

Individual school iPads and accessories must be renewed by or returned to your campus library no later than the last day of the school calendar year, so they can be checked for serviceability. Staff who terminate employment with Lindale ISD for any reason must return their individual school iPad by the date of termination.

1.3 Check-in Fines

If staff fail to return their assigned iPad by May 30th or upon termination of employment with Lindale ISD, that staff member will be subject to criminal prosecution or civil liability. Staff will also pay the replacement cost of the iPad. Failure to return the iPad will result in a theft report being filed with the Lindale Police Department. Furthermore, staff will be responsible for any damage to their iPad, consistent with the District's iPad Agreement and must return the iPad and accessories to Lindale ISD in satisfactory condition (see Cost of Repairs schedule in section 8).

2. TAKING CARE OF YOUR iPad

Staff are responsible for the general care of the iPad they have been issued by the district. iPads that are broken or fail to work properly must be taken to the Library/Media Center for an evaluation of the equipment.

2.1 General Precautions

- The iPad is district property and all users will follow this policy and the Lindale “Acceptable Use Policy” for technology.
- Only use a clean, soft cloth to clean the screen, do not use cleansers of any type.
- Cords and cables must be inserted carefully into the iPad to prevent damage.
- iPads must remain free of any writing, drawing, stickers, or labels that are not the property of the Lindale ISD.
- iPads must never be left in any unsupervised area.
- Do not plug any unauthorized devices into iPad, such as fans, reading lights, etc.

2.2 Carrying the iPad

The protective case provided with the iPad have sufficient padding to protect the iPad from normal treatment and provide a suitable means for carrying the device within the school. The guidelines below should be followed:

- iPads should always be within a protective case when carried.
- Do not keep papers, folders and workbooks in the iPad case to avoid placing too much pressure and weight on the iPad screen.

2.3 Screen Care

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad when it is closed.
- Do not place anything near the iPad that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Clean the screen with a soft, dry cloth or anti-static cloth.
- Do not “bump” the iPad against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

3. MANAGING YOUR FILES & SAVING YOUR WORK

Storage space will be available on the iPad—BUT it will NOT be backed up in case of re-imaging. It is the staff's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion.

4. SOFTWARE ON iPADS

4.1 Originally Installed Software

The software/Apps originally installed by Lindale ISD must remain on the iPad in usable condition and be easily accessible at all times. From time to time the district may add software applications for use in a particular course. The licenses for this software require that the software be deleted from iPads at the completion of the course.

4.2 Procedure for re-loading software

If technical difficulties occur or illegal software is discovered, the iPad may need to be reset to a factory new condition. The district does not accept responsibility for the loss of any software or documents deleted due to a reformat and re-image.

4.3 Software upgrades

Upgrade versions of licensed software/apps are available from time to time. Most software upgrades are automatic. Staff may be required to check in their iPads for periodic updates and syncing.
