LINDALE ISD HIRES NEW EARLY CHILDHOOD CENTER ASSISTANT PRINCIPAL

The Lindale Independent School District is pleased to announce that the current counselor at E.J. Moss Intermediate, Kristi Baze, has been hired as the new assistant principal of the Lindale Early Childhood Center. Baze has been employed with the Lindale ISD for 17 years. She taught first and second grade for 12 years before transitioning to a student service coordinator and counselor.

“It is an honor to continue to serve a district and community that has invested in my family and myself as an educator,” said Baze. “It is my greatest privilege to continue serving LISD as the assistant principal at ECC.”

Baze received her Bachelor of Interdisciplinary Studies from East Texas State at Commerce. She also holds a master’s degree in School Counseling and she received her principal certification from Lamar University.

“Mrs. Baze has been an excellent teacher and counselor in our district for many years and I am very confident that she will be an outstanding principal as well,” said Superintendent, Stan Surratt. “Mrs. Baze is wonderful at building relationships with students and parents and she has all of the attributes and skills needed to be a successful administrator. Mrs. Baze is a perfect fit for the Lindale Early Childhood Center's assistant principal position.”

The assistant principal role at ECC is a newly added position.
